# 2D Floor Plan Design Options

QA Graphics provides high-end floor plan graphics that can be integrated with most building automation systems. We can take your Revit Files, AutoCAD files, PDFs or sketches, and provide professional floor plan graphics. Our design team can create 2D floor plan graphics to be as basic or as detailed as you wish. We have the ability to include ductwork, mechanical zoning, furniture, and dimensions.
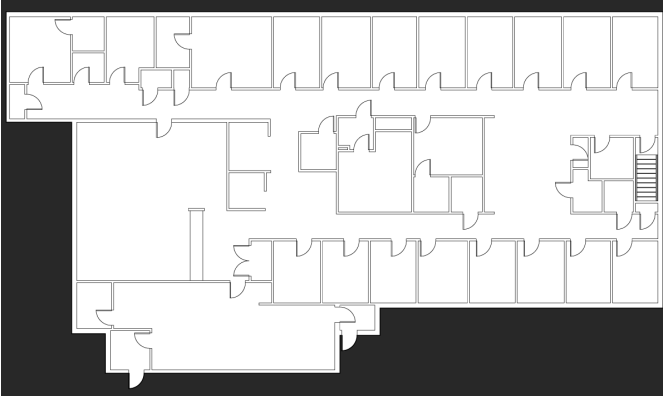

Bronze Package
Floor plan with black walls and white background.
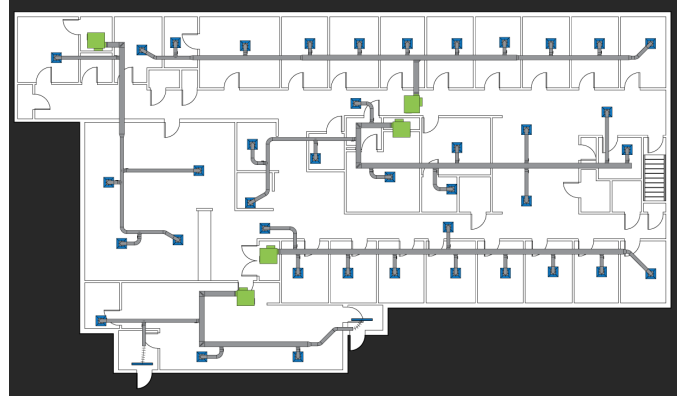

Silver Package
Medium grey tone floor with white walls, and sharply defined doors and stairs.

Gold Package
Floor plan with colored zoning.

Platinum Package
Floor plan with ductwork and colored zoning.

Diamond Package
Floor plan with ductwork, colored zoning, and furniture.

**Add Room Numbers
Room numbers can be added to any package (example shows the platinum package with room numbers).
