3D Example 3 ☐

Accurate Ductwork ☐

Simplified Ductwork ☐

Selection

Please use this PDF and let us know your preferred floor plan style, along with any specific features you'd like included in your graphic. Standard elements typically shown include walls, doors, stairs, elevators, and columns. Each project can be fully customized, so feel free to request any additional details or features you'd like incorporated.

You may select a style from the options provided or share a reference project for us to match.

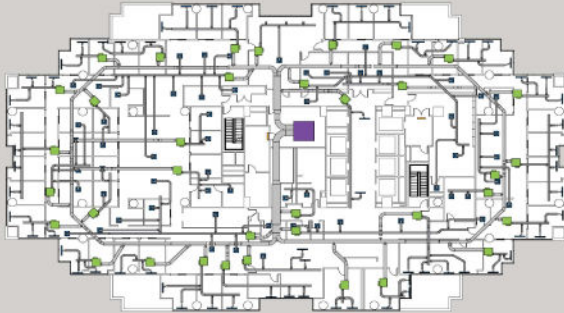

Suggested naming convention:
(Tenant Name) at (Building Name) – (Floor Number)

Customer Options

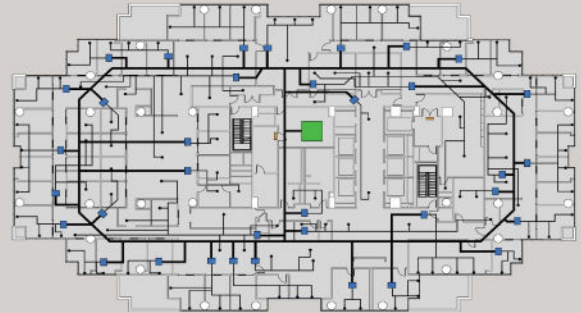

*Options customizable per client

Add-On Items

*select the items desired in addition to the standard features

☐	Supply Ductwork	☐	Areas/Suites
☐	Main Supply Ductwork	☐	Room Numbers
☐	Windows	☐	Thermostats
☐	Furniture	☐	Return/Exhaust Ductwork

Project Information

- Is this an update to an existing project?
 - Was the existing a QA project?
 - Was the existing another vendor?
- Are we combining multiple files?
- Do you want the keyplan embedded in a corner of the floor plan?
